Zanesville, Ohio Club

Midwest Region

July 2018

Welcome to a new season!

Thank you for putting your confidence in all of the board members and club members as we begin this journey. I know that I will stumble, but won't fall, because of your support.

We are many things a girl (*young at heart*), a friend, a mom, sister, co-worker, wife, aunt or cat/dog mom – let's use these many talents working together as a team so we can enrich and empower other women and girls through Soroptimist. While at the same time each one of us benefits from being a Soroptimist.

I read a quote from Albert Schweitzer the other day "At times our own light goes out and is rekindled by a spark from another person. Each one of us has cause to think with deep gratitude of those who have lit the flame within us." Thanks for being my "spark"!

Why is tooth brushing so important?

Daily brushing and cleaning between your teeth is important because it removes plaque (sticky film on teeth). If the plaque isn't removed it continues to build up, feeding on bits of food left behind and causing tooth decay and gum disease.

Brush at least 2 times daily for 2 minutes, one time being at bed time!

Keep Smiling! Valencia
